# **"43 Shades of Silver"**

Seminar location: Ryde-Eastwood Leagues Club, Sydney  
(same venue as in 2013)

Given the unknowns due to COVID and some people's reluctance to travel, this will be a hybrid live and online function, so you can attend in person (recommended) or join in on Zoom.

Seminar dates: Saturday and Sunday, October 2-3, 2021

The Seminar Dinner will be on Saturday, October 2  
Micro mineral session will be held on Monday, October 4  
Buy, Swap and Sell session on Monday, October 4

We are calling for 12-14 presentations on:

Silver & silver coloured minerals, secondary silver minerals  
Silver deposits and mines, associated minerals in silver deposits  
Silver in history and uses of silver  
Chemistry of silver and silver in the periodic table, and  
Not everything that looks like silver is

There will be an associated field trip.

Several options are being considered, and given the changes continually occurring in the minerals industry and the influence of COVID, a trip itinerary will be finalised closer to the time. The trip will start after the seminar and is envisaged to be of 4-6 days duration, with access suitable for 2WD vehicles
